

TRANSPORTATION MATTERS

HOW WILL YOU GET AROUND IN THE FUTURE?

San Antonio is expected to grow by over 1 million people between now and 2040. It is important to plan for this growth so we can make smart choices now to prepare for the future.

Mark your calendar to join us at one of the meetings listed below. At these small-scale open houses, you can:

- Talk about transportation challenges, needs, and solutions
- Explore transportation choices and funding options
- Learn what people have said so far
