

# Take the SA Tomorrow transportation survey

    2

Posted on 05/19/15

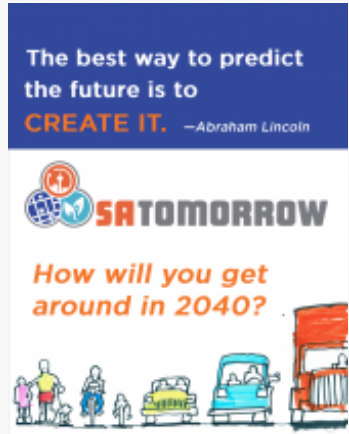

The City of San Antonio is asking residents to weigh in with their opinions on transportation and other quality of life issues by completing a short, online survey. The survey will be available until June 1 at [www.SATomorrow.com/survey](http://www.SATomorrow.com/survey).

The survey is just one of the ways the City is engaging people in the planning effort that will help prepare for the additional 1.1 million people expected in the San Antonio area by 2040. San Antonio is one of the fastest-growing metropolitan areas in the country. In the next 25 years, the additional 1.1 million people also means another 500,000 jobs and homes.

The online *SA Tomorrow* survey takes about five minutes to complete, and is available 24/7 online. It also includes questions about the Comprehensive Plan and the Sustainability Plan which are also part of the planning effort. Survey results will be posted in late June at [www.SATomorrow.com](http://www.SATomorrow.com).

### About SA Tomorrow

*SA Tomorrow* is a three-pronged planning effort to guide the City toward smart, sustainable growth through a Comprehensive Plan, a Sustainability Plan, and a Multimodal Transportation Plan. It will address issues of importance to the entire community including transportation, jobs, housing and the environment. The public will
